

Lily Ann Beament

50-years, it's hard to believe that time passes so fast. In my twenty's, I attended secretarial courses and obtained employment at Bendix Corporation as an executive secretary to the General Manager of their fuel injected carburetor division. The company closed and my boss went to Weber USA as their new President and asked me to join him as his executive assistant. The executive offices moved to Sanford, N.C. where I moved and lived for two-years and then returned to Michigan.

I was secretary of the Board of Directors for my condominium community and met my next boss who owned Herriman & Associates, a condominium management firm. I worked for him as a Property Manager for 12-years and then retired. In between I held other jobs and married in 1970 and then divorced in 1981. Decided being single was just fine with me and have been single ever since.

I didn't have children, so kids and grand kids are not in my bio. I did go back and obtained an Associates Degree from Oakland Community College when I was 38.

Currently, I'm an avid reader, love to play golf, garden and volunteering.

I've done some traveling also: Hawaii, England twice to see my aunt and uncle, and to New York numerous times where my nephew lives plus $\frac{3}{4}$ of the United States. My dreams for another trip is an Alaskan Cruise. So if anyone is interested in joining me, please let me know.

I have been volunteering at the Northville Senior Center, Garden Club, Church and I'm secretary on the board of directors for my condo association. Volunteering has been rewarding and I have met so many new friends and hopefully after October 6th, I can connect with my old friends again.
