

Ron Stoll

After graduation, I enrolled in a trade school to become a finish carpenter foreman. I met my wife Patti at a party. Patti graduated from SHS in 1960. We were married in 1962. We have three children: Ron 44, Nadine 42 and Steve 36. Our children have given us three grandchildren plus our three step grandchildren.

I built our house, our daughter's and son's homes also. We are looking forward to the party.
