

Patricia (Kehr) Moss

After graduation I got engaged in Sept 1957 and married my husband Clare on June 14th ,1958. We have five children three sons and two daughters. ten grandchildren and are expecting another grandchild in March. we also have four great grandchildren. Our oldest son was killed in an automobile accident in 1983 he was just 22 years old. Our oldest daughter lives in Wisconsin with her family, our younger daughter lives back in Michigan with her family, the two boys live here with their families in Ocala. We moved from Michigan in 1971 to Grove City Florida where my husband and his mother built a mobile home subdivision and also sold mobile homes. From there we moved to Ocala, Fl. in 1977 ,where my husband and I owned a mobile home park . We sold the park in 1980 and my husband went to work at Closet Maid from which he retired about four years ago. This past Christmas we had most of the family come home to celebrate the Holidays with us they came from N .Carolina, Wisconsin and California, Our youngest daughter and family in Mich were not able to make it. We missed them. We had a houseful but enjoyed every minute of it. My dream for the future, is to be able to celebrate our 50th anniversary June 14, 2008, as nobody in our family has lived long enough to celebrate theirs. I wish all of are classmates a very happy reunion, and sorry that we can not be there with you.
