I was married for 29 years and was cashed in for a younger model. I lived in Michigan where I raised four boys and a foster daughter. After they were out on their own, I moved to Crystal River, Florida, where I cared for my Mom. I had the opportunity to live in England for three years. When Mom passed on, I then moved to Arizona to be close to my second son, a DO, and I live in a condo on a lake in the Northwest Valley.

I'd loved to come to the reunion but I have MS and it is getting bad. I'm in a wheelchair and I just can't make the trip. Yes, I remember the good times and the prom. You were great for taking me to the prom. Please tell everyone I said "HI!" Please send me a "blow by blow" description of EVERYTHING that happened at the reunion. Stay sober! If not, have a rum and coke for me!

After high school graduation, attended Michigan Technological University in Houghton MI, graduating in 1961 with a BS degree in Engineering Physics. Employed by Honeywell in Minneapolis 1961 – 1993 in various engineering positions developing military and commercial aviation systems for US domestic and foreign customers. Retired from Honeywell in 1993. In 1961 married Margo Moisio from Ironwood MI; Margo retired from teaching in June 2000. We have two married daughters, Laureen and Cheryl and 4 grandchildren. Laureen and husband Dennis and daughter, Erin (16) and son, Jason (14) live in Rochester MN. Cheryl and husband Mark and sons, Brandon (13) and Tyler (12), live in Andover MN. In retirement I have been involved with the Honeywell Retiree Volunteer Program, serving as Vice Chair of Community Projects. HRVP has over 1000 Honeywell retirees serving in various volunteer capacities in the Mpls/StPaul area. We have been fortunate to travel with our church group and a retired teachers group to a number of foreign countries. We travel often to Michigan's upper peninsula where we have my grandparents' farm and a lake cabin near Houghton; we enjoy sharing family vacations with our kids and grandkids at the farm and cabin.
