

John Moilanen

Bringing you up to date with John Moilanen. My wife Cindy, a retired Farmington school teacher, and I have been married for 41 years. We live in Farmington Hills in the house we built 40 years ago. I have been in the construction business since leaving high school except for the two years I spent in the Army Corp of Engineers in the state of Washington. I still beat nails occasionally, even though my wife thinks I should be retired.

We have two children, a son and daughter, and six grandchildren. In 1980, we built a cottage on Pratt Lake in Gladwin, MI. When we aren't in Farmington attending grandchildren activities, we are at our cottage golfing, hunting and fishing. I gave up playing ball at the age of 62. Now I spend more time fishing. The highlight of my fishing each year is a fly-in fishing trip in Northern Ontario.

Len Lamb

Barb and I celebrated our 48th anniversary with our two daughters, son-in-law and three grandkids this year. I retired from General Motors in 1992 as retirement administrator for Pontiac area. Tried a part-time country club job (just so you can play) for six years and found it had more bosses and hours than a real job.

Two years later, I had my first bout of cancer, beat that one! Now I'm dealing with my second bout (different kind). My hair loss is not in sympathy to some of our balded classmates, but a result of chemo. Mine will grow back and for some reason it's curly. This cancer will be whipped shortly after the reunion, then a quick trip up north to schedule my salmon tournaments and then down south to our Florida home.

Looking forward to seeing everyone!
