

Barbara (Morton) Bishop

After graduation, I attended Wayne State University and went to work at Standard Federal Savings & Loan. In 1962 I went to work for Ford Motor Company, where I met my husband Vaughn. I left Ford in 1967 to raise my family.

Vaughn and I have been married for 43 years and have two sons, Mark and Todd. Mark graduated from the University of Michigan and Cooley Law School. Todd has a bachelor and masters degree in Forestry from Michigan Technological University.

Mark and his wife Dianne, Olivia 16 and Victoria 13, live in Haslett. Both girls are involved in sports -- basketball, softball, and swimming. Vaughn and I have attended a lot of games over the past several years.

Todd and his wife Jennifer, Amelia 3 and Jack 1, lived in Iron Mountain and just moved to Marquette. We visit them several times a year.

Vaughn worked for Ford Motor Company for 40 years. He was a supervisor in Executive Services until his retirement in January, 1999. I was an administrative assistant at Lansing Community College for 16 years. I retired in October, 2001, but still get called back occasionally to work in the Human Resources Department.

In our "free" time we like to travel, cook gourmet meals, entertain, read, attend our granddaughters' sporting events, and enjoy doing whatever we want, when we want. I volunteer one afternoon a week at St. Joseph Mercy, Livingston, in Howell.
