

Barry Allen (*Silverman*)

Barry Allen is the C.E.O. of International FieldWorks. His specialty is in business management, law and technology. He recently served as the Vice President of Business Development for RxDispense, Inc. a development stage company involved in telemedicine. Barry's background includes the startup, turnaround and management of businesses in Michigan and California. For many years he was the Deputy Director of Civil Defense in Southfield, Michigan, while owning, operating and building a multi-million dollar Physical and Electronic Security corporation.

Mr. Allen was the youngest Private Investigator in the state of Michigan, built his company from a startup to an enterprise with over a thousand employees, and was the first to computerize and to sell to his competitors. He designed industry-wide training and education programs, set up legislation and designed both workers compensation and liability insurance programs. Elected to the Michigan Private Investigators trade association, Barry created the first security related national trade association and became a lobbyist for the industry.

Barry managed a Los Angeles business talk radio station, designing marketing programs that built sales by 300% over a six-month period. He located niche markets and methods to approach them for other media and is a sought after resource for editors and writers of the major news media in Southern California. As a business talk show host he was on KORG, XEKAM, KWIZ-FM and KFNX.

Barry is the Founder of *The Vanguardians*, (www.vanguardians.org) a local foundation bringing accountability to the public sector. Soon to be taken nationwide, his accomplishments include saving the City of Glendale \$41 million in unnecessary expenses and cleaner, more open elections and City Council. Mr. Allen also serves as a lobbyist.

My wife Judy and I have three children and five grandchildren. I graduated from the University of Michigan Dental School in 1964. We moved to Clarkston where I started my practice. I retired after 34 years in 1998 and we moved to Florida. We now live in Tarpon Springs. We come to Michigan for three months in the summer to see our family and get out of the highest heat in Florida.
